152,508
Patients triaged (2024–25)

40+
Practices nationally

£4.7M
NHS savings in 12 months

71 hrs/wk
GP time saved

Stage 2: Ambient Voice Technology

- ✓ **Receptionist-led patient triage**
  Patients speak directly to the system which guides them through safe navigation questions.
- ✓ **Reduce reception pressure**
  Free staff from lengthy triage calls.
- ✓ **Consistent, structured outcomes**
  Every patient assessed using the same safe pathways.
- ✓ **Built for NHS primary care**

Safer triage.
Less pressure on your practice.
